

General Order 20-006, Extension of the Protocol for Hearings to be Conducted Telephonically in Response to COVID-19

Published on District of Utah (<https://www.utb.uscourts.gov>)

This Court is open and fully operational. However, pursuant to General Order 20-006, dated May 28, 2020, all hearings will continue to be conducted by telephone at least until such time as Salt Lake City “transitions to the new normal-risk level” (Green). When the city achieves that transition, the Court will reevaluate the information and circumstances to determine the advisability and feasibility of in-person hearings. Counsel and parties with hearings in this Court are instructed to contact chambers to make arrangements to appear telephonically.
